Young's Landscape Management Launches Its Latest Green Initiative

Young's Landscape Management, Inc. (Young's), a full service residential and commercial landscaping company headquartered in Southern New Jersey, announces its latest green initiative, investing in a solar electricity generating system that will provide enough power for the firm's office and nursery facility. The yearlong project, which went live in July 2011, included the permitting, design and installation of two systems. Together, the systems generate 61 kW of solar power, providing the energy needed to operate seven buildings, including greenhouses, irrigation wells and lighting.

NJ Financial Firm Hosts Secondwinter Coat Drive

Time to clean out your closets and help a family in need during HFM Investment Advisor's second annual coat drive. In this current economy the need is greater than ever for new or gently used warm winter coats for men, women and children.
